I felt the same as you and had awful symptoms that could have been put down to being put in my head, but I knew it was from Mirena.

When people connect with each other, they are willing to spend time to do what the other person will do.

A tree the evergreen banana shrub as you see it in the bog area is fully grown and has topped out at about:

Leads can pace the atrium and ventricle in proper sequence.

Protrusion of a disk into the neural canal.
